

**OHIO ASSOCIATION FOR GIFTED CHILDREN
PARENT DIVISION
PRESENTS:**

**LIVE GOOGLE HANGOUT
VIDEO CHAT
APRIL 21, 2016 7:00pm**

Join us and learn "what you don't know" about the world of gifted education. Hear families and gifted professionals share perspective on educational options and resources that have worked well for many gifted students. They will present information for grades K-12 and discuss educational choices and issues such as: advocacy in the classroom, grade and subject acceleration, handling social-emotional issues, having a child who is twice exceptional, and so much more. This session will have an open Q&A throughout and we hope you will add your own tips as we support each other on this journey called "gifted."

The hangout will be moderated by Angela Grimm, OAGC Parent Division Chair and will include OAGC Director Ann Sheldon, parents and gifted professionals from throughout the state.

Watch this information session for parents
from the comfort of your own home!

**Post questions during the
hangout on social media
using #oagc
and we will answer them
during the live event.**

**WATCH THE HANGOUT
LIVE AT:**

Can't watch the event live?
Don't worry—it will be recorded and you can
view it later at your convenience.

Questions about the Google Hangout:

Q: Do I have to have special software
on my computer?

A: No. You will have access to the link
on OAGC's website and on our social
media. This link will take you directly
to YouTube so you can watch the
event LIVE.

Q: What if I have a question during
the event? How do I post it?

A: You can email questions directly to
Angela Grimm at
aecrowder@yahoo.com before the
event or you can post it on the OAGC
Facebook page or your Twitter
account during the event. If you post
on Twitter you must use #oagc.
