

Parents and Students of Hillsboro High School,

With the school year flying by, Spring EOC testing is right around the corner. We will be continuing how we conducted testing last year at Hillsboro High School. With our enhanced technology and purchasing of additional chromebooks, we will once again be testing students in the classrooms. The schedule will provide teachers with the maximum amount of time for classroom instruction in preparation for these tests.

In order to do this, we will be testing in 2 hour blocks of time each morning for 7 school days. These dates are listed on the chart on the back side of this letter. For these testing days, we will be operating on essentially a “2 hour delay schedule” for any student who **IS NOT** scheduled to test on each given day. The buses will continue to run on the normal daily schedule, and school will be accessible at the regular morning times. Any student who comes to school and is not scheduled to test, will be supervised in a study hall by one of our teachers. For students who **ARE TESTING**, they will be provided with a list of the tests that they will be required to take, along with the date, time, and testing location for each of their tests. These letters will be provided to these students by April 12, 2019.

Students who ARE testing

- Must report to school by 7:30
- Will report to assigned testing room
- Have regular busing time available
- Will be assigned schedule by 4/12
- Will be counted absent after 7:30

Students who ARE NOT testing

- Must report to school by 9:30
- Will report to assigned study hall
- Have regular busing time available
- Will be counted absent after 9:30am

We understand that this may be somewhat confusing, but we feel that allowing our students their best opportunity to achieve will be worth the short inconvenience. Please contact the high school office at 937-393-3485 if you have any questions or concerns.

Thanks for your time and support.

Joe Turner
