Parental Involvement Plan

The Hillsboro Elementary Schools which includes the Early Childhood Center, Primary School, and Intermediate School, understand the need for strong parental involvement in the educational process of our students. Therefore Hillsboro Elementary School has developed a Parental Involvement Plan with the following goals:

- A child's education is the responsibility shared by the school and family
- Parents are an integral component of a school's ability to provide for the educational success of their children.
- Engaging parents is essential to improve student achievement.

The Hillsboro City School District, in collaboration with its parents, established a parental involvement plan which includes programs and practices that enhance parental involvement and reflect the specific needs of our students and their families. The principals of Hillsboro Elementary School will be supervising the Parent Involvement Policy at their schools and will have the Plan posted on their building website.
